

*"Every step is a prayer, and we should pray together to heal the Earth...
The circle is an act of unification, and the 4 directions give it stability.
This squaring of the circle comes from the archetypal mandala for harmony." Anna Halprin*

The course:

The **Planetary Dance is a moving mandala** open to people of all ages, capacities, and abilities. It involves the simple activities of walking, jogging, running, and pulsing or stillness in many concentric circles, held by the 4 cardinal points. In this way we are all moving as a choir; heart unified to the rhythm of the drum, we become a collective body where every step on the Earth is a prayer for healing. The power of this community ritual is accentuated through the engagement of each person's personal intention and prayer.

The workshop will be accompanied by live music from various musicians and percussionists.

On June 18th as part of this workshop, a **Planetary Dance** open to the public, facilitated by the trainers and co-led by the trainees will be organized at Pointe Erlong, beach of St Pierre in Locmariaquer.
